CONSTRUCTION

Both the stiles and rails have a solid wood core to provide greater strength and stability. The MDF veneers on the stiles and rails allow for a smooth and consistent paint finish. Panels are solid 1/2" MDF. Utilizing traditional mortise and tenon joinery, all pieces are hand fit together with industry's finest adhesives on all connections.

TURN ANY INTERIOR DOOR INTO A BARN DOOR!

Take any interior molded, MDF or wood door slab & add hardware to create your own barn door.

BARN DOOR HARDWARE
