It's More Than Just Choosing A Door...

So much happens beyond just opening and closing a door; Horner combines state of the art Endura technology with the trusted dependability and beauty of Masonite doors for a quality door system you can count on.

DOORS & GLASS

True Square Composite Edge

Fiberglass doors designed with the square edge details of a real wood door.*

Polyurethane Core

Insulates 5x better than real wood for exceptional heat and cold resistance.

Insulated Glass & Long-Lasting Warm-Edge Spacers

Reduces energy costs and prevents condensation.

Fiberglass Skin

Resists warping, rotting, rusting and denting. The composite edge creates a complete barrier surrounding the wood within the door system.

FRAME & COMPONENTS

PE650. Weatherstripping & Simple Solution. Corner Pad Patented Designs

Seals out air and water.

PanoLock

A one-of-a-kind multi-point lock that works with off-the-shelf hardware at an affordable price.

Framesaver. Door Frame

Never absorbs water, rot, cracks or wraps; backed by the industry's only fully transferable warranty.

Z-Articulating Cap Sill™ (Z-AC)

Automatically adjusts to form a watertight seal, even against imperfect openings.

* Note: The image shown is of a door cutout, no wood is exposed on the final product.
